The Hon. Rosa L. DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Village of Windsor, WI DeForest Windsor Fire & EMS Station No. 2 in Fiscal Year 2024. The entity to receive funding for this project is:

Village of Windsor  
4084 Mueller Rd  
DeForest, WI 53532

The project is an appropriate use of taxpayer funds because it will support construction of the DeForest Windsor Fire and EMS Station No. 2 to provide local first responders with the facilities they require to ensure the public safety of the surrounding communities. The new facility will house additional apparatus bays, training spaces, administrative offices, supply storage, and living quarters for both paid and volunteer staff, and the location of the facility will provide better access to surrounding communities that are experiencing significant population growth. The construction of Station No. 2 will allow the first responders in this rural area to better provide for the public safety of their communities and meet the needs of their expanding district and its growing population.

The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify neither I nor my immediate family, have any financial interest in this Community Project Funding request.

Sincerely,

Mark Pocan  
Member of Congress
