Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Loganville Street and Utility Improvements Project in Fiscal Year 2026. The entity to receive funding for this project is:

Village of Loganville  
130 West Street  
Loganville, WI 53943

The funds would support replacement and upgrades of local road and utility infrastructure, including base and asphalt, curb and gutter, new water mains to replace currently undersized water mains, replacement hydrants, sidewalks, storm sewer upgrades, and sanitary sewer adjustments as needed. This project is an appropriate use of federal funds because it will enable a local village to make essential utility and infrastructure upgrades that will have significant positive impacts on the entire community, including improving vehicle and pedestrian access to local businesses, the local school, Village Hall, public works buildings, and the fire department. It will also ensure proper water flow is available to the fire department, improving public safety.

The project has a federal nexus because the funding provided is for purposes authorized in 42 U.S.C.5305(a)(2).

I certify neither I nor my immediate family have any financial interest in this Community Project Funding request.

Sincerely,
